

TUFTS UNIVERSITY
Cummings School of Veterinary Medicine

December 2015

Dear Prospective Veterinary Student,

Greetings from the Cummings School Financial Aid Office!

This application packet contains the instructions and forms you will need to apply for institutional and federal financial aid.

Cummings School institutional financial aid consists of need-based grants and loans and is awarded solely on the basis of financial need. Your eligibility for institutional financial aid will be determined using an analysis that assesses the financial ability of you and your parents to contribute toward your educational expenses. If you are applying for institutional aid, please note the Cummings School requirement for parent information and refer to the instructions for exceptions. Eligibility for federal aid, which includes loans and work study employment only, will be based only on the student's resources.

The financial aid application **deadline** is **Wednesday, March 2, 2016**. All application materials must be postmarked by March 2nd, including the results of the [Free Application for Federal Student Aid](#) (FAFSA) and the required **2015** federal tax forms.

The Cummings School aid application deadline is more than a month earlier than the IRS tax filing deadline; therefore, you and your parents must plan to have your 2015 federal tax returns prepared early so that you will be able to mail a copy of the returns to our office by March 2nd. **Please share this information with your parents immediately.**

In addition to preparing your tax forms early, you must also submit your FAFSA to the processor in advance of March 2nd, allowing enough processing time for your results to reach our office by the deadline. Late applications will be considered for federal student loans only. Our deadlines are strictly enforced!

Application forms and copies of the required tax documents may not be emailed or faxed to our office.

The Financial Aid Office will hold information sessions on admissions interview days. All aid applicants should plan to attend one of these sessions.

Please do not hesitate to contact us if you have any questions about the application process. The office email address is vet-finaid@tufts.edu. Some parts of the application may be complicated and/or tedious, but don't give-in to any impulse to push it aside!

Sincerely,

Cummings School Financial Aid Staff

Parent information is also required for consideration for one need-based federal loan program, the federal Health Professions Student Loan. Parent information provided on the FAFSA will not impact your eligibility for other federal loans.

Application Deadline: Wednesday, March 2, 2016. Application materials must be **postmarked** by March 2nd. If you miss this deadline, you will not be considered for institutional financial aid, however, you will still be considered for student loans.

1. **2016-2017 FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA) Website: www.fafsa.ed.gov**
Plan to submit your FAFSA to the processor a few weeks before the March 2nd aid deadline to allow enough processing time for Cummings to receive your results by the deadline. If your 2015 tax return is not available when you complete the FAFSA, use estimated income figures on the FAFSA. The Cummings **Federal School Code** to be used in Step Six of the FAFSA is **E00362**. After your FAFSA has been processed, you will receive a Student Aid Report (SAR); please verify that the Cummings School is listed in Step Six. If you have not designated the school to receive your results, you may add Cummings using the FAFSA corrections process. Your **grade level** for FAFSA Question 29 is 6 for first year graduate/professional. Your **degree** for FAFSA Question 30 is 8.

If you have not previously obtained a Federal Student Aid Identification Number (FSA ID), you must obtain one in order to complete the FAFSA. Your FSA ID may be used to electronically sign your FAFSA and to make corrections. Request or retrieve your FSA ID at <https://fsaid.ed.gov/npas/index.htm>.

2. **2016-2017 CUMMINGS SCHOOL FINANCIAL AID APPLICATION**
This form must be submitted by students who are applying for institutional aid. Federal aid only applicants should submit page one of the Cummings Aid Application.
3. **STUDENT & SPOUSE/PROSPECTIVE SPOUSE FEDERAL INCOME TAX RETURN(S)**
A complete **signed** copy of your 2015 federal tax return, including all tax schedules, W-2, and 1099-MISC forms, must be received by the Financial Aid Office by the deadline. If you are not required to file a tax return, but you worked, you must submit copies of any W-2 and/or 1099-MISC statements you received.

SSN on Tax Forms: For your protection, please remove/block out your SSN on the tax forms you submit.

4. 2016-2017 CUMMINGS FINANCIAL AID APPLICATION--PARENT QUESTIONNAIRE

If you are applying for Cummings institutional aid, you must submit this form regardless of your marital status and regardless of whether or not your parents currently support you. For exceptions, please see the Affidavit of Self-Supporting Status section below. The Parent Questionnaire must be postmarked by March 2nd.

Divorced/Separated Parents: Each parent must submit his/her own Parent Questionnaire. Cummings does not acknowledge financial arrangements made in divorce agreements. Step-parent information, if applicable, must also be included.

Exceptions: If you are unable to provide data for one or both of your parents due to exceptional circumstances (estrangement), you must complete a waiver request form to submit with your application. Cummings does not automatically exclude a parent's information even if it was excluded at a school you attended previously. Your application for institutional aid will not be considered if you omit parental information without completing the proper waiver request.

5. PARENTS' FEDERAL INCOME TAX RETURN

A complete **signed** copy of your parents' 2015 federal tax return including all tax schedules, W-2 and 1099-MISC statements, must be received by the Financial Aid Office, postmarked no later than March 2, 2016.

IMPORTANT TAX RETURN REQUIREMENT NOTICE:

Although estimated income information may be used on the FAFSA, we require that you provide a copy of your final tax return to our office by the deadline so we may verify and update your FAFSA data.

If you do not submit copies of your tax schedules, W-2 & 1099-misc forms along with the copy of your federal tax return, your application will not be considered for institutional financial aid. Tax schedules are typically part of your return if you have income from interest, dividends, business, capital gains, real estate, partnerships, trusts, etc. Review your return before submitting it to the Financial Aid Office to make sure any schedules you were required to file are attached.

Exceptions for submitting the required final copy of the 2015 federal tax return may be made for individuals who are unable to complete their tax return because they are awaiting K-1 information (for individuals involved in businesses structured as partnerships). Estimated information and all application materials are required by the deadline for those individuals

Financial aid offers will not be made based on estimated tax returns or on a tax year other than 2015.

Affidavit of Self-Supporting Status: Exception to the requirement for parent information.

If you have been financially self-supporting for a minimum of five years prior to your matriculation date and you meet minimum income requirements established by Cummings for each of the five years prior to matriculation, you may apply to be considered for institutional aid without your parents' information. You will be required to certify that you have not and will not receive support from your parents for each of the five years prior to and during enrollment. Examples of support include money, gifts, loans, housing, food, clothes, car, medical care, payment of college costs, etc. You will also be required to submit copies of your federal tax returns for each of the five years prior to your matriculation date. You can not have been claimed as a dependent in the last five years. To apply for self-supporting status, please contact the Financial Aid Office to obtain an Affidavit of Self-Supporting Status form. Affidavit of Self-Supporting Status forms must be postmarked by the deadline.
